

Ron Kikta Elected PMA President

Ron Kikta, Owner, R.M. Kikta Plumbing, Suwanee, Georgia was installed as President of the Plumbing & Mechanical Association of Georgia on June 21st, at the Association's 116th annual meeting and educational conference at the Amelia Island Plantation.

Ron Kikta joined PMA in 1999 to take advantage of the benefits PMA and PHCC National provide. Ron states, "The resources available through PMA and PHCC National Association are tremendous. One of the best things I did was become involved in PMA. Finding the right mix for every contractor is one the biggest challenges of an organization and its leadership. With PMA there is something for everyone; annual meeting and table top exhibits, local area meetings, business education sessions, plumbing review courses, code updates, and monthly newsletter. I would encourage anyone involved in the plumbing industry to not only join PMA and PHCC National Association but become involved. This year is an exciting year for us in Georgia as Atlanta is host city to the PHCC Annual Convention and ISH Trade Show September 30 – October 3rd. We are looking forward to a great turnout from Georgia contractors at the program. PMA will be publishing more information about the session and how to obtain VIP passes in the coming months."

Ron Kikta was elected to the board of the Plumbing & Mechanical Association of Georgia in 2002 and recently served as 1st Vice President and Membership Chair. R. M. Kikta Plumbing is a family owned and operated business since 1964. They do commercial, residential, remodel, contracting and repair work.

The Plumbing & Mechanical Association of Georgia is the professional trade association for plumbing and mechanical contractors. PMA and its national affiliate, the Plumbing-Heating-Cooling Contractors Association (PHCC) has been representing the interests of the industry in Georgia since 1892.
